**WILLIAM TELL FLOUR**

**Daisy Baker's Mother Says**

**You Could Live on Less Than 7 Cents Per Day**

According to science, the adult human body requires from 1,800 to 2,000 food units, or calories of heat and energy, in each 24 hours. One pound of white flour contains 1,635 calories, which means that to furnish your actual daily food requirement, it takes only about 1 1/4 lbs. of flour, which, even at the rate of \$11.00 per barrel, would cost less than 7 cents.

I don't recommend an all-flour diet—you want variety of course—but this shows you what you could do if necessary. When you think of the many ways to use white flour, its wonderful food value and low cost, you'll realize at once the wisdom of using more flour.

The kind of flour makes a difference, too. My favorite is William Tell. It's easy to handle, has wonderful baking qualities, and it gives a flavor that makes everything taste just a little better.

## If You Are Bilious

If you have suffered from this distressing disturbance, you know the symptoms all too well:—loss of appetite, headache, dizziness, nausea and vomiting, often times meaning prostration for two or three days and the consequent loss of time from regular duties. Such attacks vary in frequency and duration with different individuals, but there is really no occasion for them to occur at all. That old reliable household medicine, "L. F. Atwood's Medicine" taken in teaspoonful doses, morning and night, rarely fails to wholly prevent an attack of sick headache or biliousness. This preventive measure has not been adopted, a desertsport when the first symptoms appear, will almost invariably ward off a severe attack. It may be obtained in large bottles, of any dealer, for thirty-five cents, or sample free for the asking. "L. F." MEDICINE CO., Portland, Maine.

### DENMARK.

Irving Trumble went to Limington to spend Sunday with his wife, who is there caring for her father.

Mr. and Mrs. Albert Wentworth have been guests of Mr. and Mrs. James A. Cole of Cornish. While there they bought a work horse of George Meserve.

The greater part of the life of Mrs. Augusta A. Brown, whose death was in the Advertiser of April 6th, has been spent here in town. She was a member of the order of the Eastern Star in which she held many prominent positions in office and not being able to attend the meetings the last few years of her life was greatly missed by the members of the order, as also by her friends and neighbors in the village where she has lived so many years. She was a member of the Congregational Church in this town, of which she was an able worker in the church and Sunday school. The remains were brought here from Norway and services held Sunday at her late home, conducted by Rev. Livingston of Bridgton.

Uncle Chabouren Rand remains about the same, very slim.

Elwood Pingree was a Sunday visitor of his mother, Mrs. Edwin Pingree, on South road.

Harold McIntire is working for Mr. Charles Osmond in Hiram.

Milton Eastman of Cornish has been in town buying cattle and was the guest of Mr. and Mrs. Luther Trumble.

### HEBRON.

Hebron Academy Battalion

Inspired by patriotism, every one of the 150 boys in Hebron academy has enlisted in the newly formed battalion. For the past week the boys have been drilling almost every day. Although the three companies which have been formed are without guns, the boys are finding plenty of work to take up their attention in learning the rudiments or other essentials of infantry besides the manual of arms.

The captains elected for three companies are George Pinkham of Portland, James Harris of Wisconsin and William Bigelow of Portland. Two of these have had military training. Pinkham in New York Military academy and Harris at Culver school.

It is planned to equip all three companies with fatigue uniforms, and a little later application will, no doubt, be made to the government for rifles.

Several of the boys in the school have interested themselves in the militia work with the idea of gaining knowledge which will be of assistance to them when they enter the service of the United States as they propose to do at the close of the present school year.

**What You Get for What You Pay.**

In the clothing field, as in every other, there are certain prices at which one's money brings the greatest possible return.

To pay less is unwise—you sacrifice quality in some form or other. But sacrifice you do—whether it be in appearance, fit, quality or comfort, lowness of price has cost you desirable quality.

To pay more is foolish—for beyond the true "value price" lies extravagance. What, then, is the value price, who determines it and how? Answer these queries and you have answered the question of "what suit to buy".

Now value is simply a matter of what you get for what you pay—it is determined by the ratio of quality to price. The true "value price" is that at which you get the most for your money, in those qualities that are essential to your permanent clothes satisfaction.

Clothes from the House of KUPPENHEIMER are the kind with perfect fit, style and fabrics. And above all, Guaranteed Satisfaction. Come in and look them over.

### Chapman-Everett

Lena Kimball Everett of South Paris and Philip S. Chapman of Bethel were married at the home of her father, John E. Everett, April 11, at high noon. There were present only the immediate families of the bride and groom. The decorations were of cut flowers and ferns.

Rev. G. H. Newton performed the ceremony, using the single ring service. The couple were unattended. The bride wore a traveling costume of dark blue trimmed with white, and carried a bouquet of white roses and lilies of the valley. The bridegroom was in conventional black.

The bride is a graduate of Paris High School in the class of 1916. She is a member of the South Paris Baptist church and of Hamam Temple, Pythian Sisters, and has many friends. Mr. Chapman is the son of Jotham Chapman of Bethel, and is a painter and paper hanger by occupation.

Mr. and Mrs. Chapman left on the afternoon train for Portland, and after a short trip will reside at Bethel, where they will be at home after May 1st.

### Abram H. Doble

Abram H. Doble died at his home in South Paris Saturday morning, April 14. During the past winter, Mr. Doble had not been strong, and had worked at the factory of the Paris Manufacturing Co. only a portion of the time, though it is only about two weeks since he was last there. The first of last week he suffered a heart attack, but was better from it, and on Saturday morning he was taken with a final attack and breathed only a few times.

Mr. Doble was born in Sumner July 6, 1834, the son of Willard and Bethiah (Rowe) Doble. He married Clara Dunn, and in the early seventies the family moved from Sumner to Paris Hill. Soon after their going there, Mr. Doble entered the employ of what was then the Paris Hill Manufacturing Co., and for forty years was with that company and its successor, the Paris Manufacturing Co., coming to South Paris when the business was transferred from Paris Hill.

He is survived by a widow and two daughters, Annie, wife of Herbert G. Fletcher, and Sarah, wife of Frank S. Clark, all of South Paris.

The funeral was held at 2 o'clock Tuesday afternoon, attended by Rev. J. H. Little of Bethel. Burial in Riverside Cemetery.

The annual banquet of the Married Ladies' Whist Club was held with Mrs. George F. Eastman Friday evening. This banquet is given by the six members of the club having the lowest total score for the season's playing to the other six members having the highest scores.

A six o'clock dinner was served, and later the time was occupied with three tables at auction. Decorations of potted plants and flowers were employed, and flowers were used for the place cards. The menu followed:

Bouillon, pickles, roast chicken, rice, potato, parsnips, macaroni with cheese, cranberry sherbet, ice cream and cake, crackers and cheese, coffee.

Members of the club are Mrs. Franklin Goldsmith, Mrs. Dr. Littlefield, Mrs. Walter L. Gray, Mrs. Percival Hathaway, Mrs. Fred Wright, Mrs. Stanley Wheeler, Mrs. Herbert Fletcher, Mrs. George Eastman, Mrs. Dr. Stewart, Mrs. Alton Wheeler and Mrs. George Fernald.

Frank R. Dunham, who has been in the Central Maine General Hospital for a number of weeks, underwent a third surgical operation. His parents, Mr. and Mrs. Charles R. Dunham, have been with him for a few days. It is understood that there will be no necessity for further operations, and that Mr. Dunham will be at home early in May.

The following is the schedule of the Paris High School baseball team for the present season: Willard Curtis, Captain; Wesley Spear, Manager; Harold Merrill, coach.

April 21 Town Team at Paris.  
22 Mechanic Falls at Mechanic Falls.  
23 Leavitt Institute at Leavitt.  
12 Norway at Paris.  
19 Open.  
25 Lewiston at Paris.  
June 2 Leavitt Institute at Paris.  
9 Norway at Norway.  
16 Portland at Paris.  
28 Alumni at Paris.

Shaw's Orchestra will furnish the music in the hall for the Memorial Day exercises this year, and Howard Shaw will have charge of the music for the parade in the forenoon.

More than two hundred people ate at the annual men's supper served at the Universalist church Thursday evening. Preparations had been made to accommodate all that the room would hold, and it was not necessary for any to wait for a second table. A good and bountiful menu was set before the patrons. After supper that comedy success of George Ade's, "The College Widow," in motion pictures, was presented under the management of H. N. Bragdon.

Hearing Before Public Utility Committee W. B. Skelton of Lewiston and Chas. W. Mellen of Bangor, public utilities commission were present in a hearing in the Court House April 11, electric light rate being the issue.

Alton C. Wheeler and Hon. James S. Wright conducted the affairs for the Paris complainants. John A. Morrill of Auburn was counsel for the Electric Company. The citizens charge unreasonable and excessive rates, discrimination and insufficiency of service.

Considerable testimony was heard relative to the alleged disordered conditions. A fifteen cent per kilowatt hour rate, which the patrons at Norway and South Paris consider excessive, and the new service at a reduction to twelve cents is not satisfactory. Nine cents is the price in the Oxford-Mechanic Falls district which is the suggested rate acceptable here.

No action was taken by the committee for considerable data will be necessary before a just decision can be handed down.

Rev. C. G. Miller has disposed of his Saxon six and purchased a new car, a forty-horse power Willys-Knight touring automobile.

Mark B. Richardson went to the Central Maine General Hospital at Lewiston Thursday night, and the next day submitted to operation for appendicitis. He is reported as doing well.

Bleachers are to be erected on the high school grounds near the south wall of the building. This will accommodate early a hundred spectators.

Robert V. Wheeler is in charge of the drug store of E. Shurtliff Co. for several days while Arthur K. Shurtliff was out on account of the death of Mrs. Shurtliff.

Mr. and Mrs. Harry D. Cole entertained a party of five tables at rock Thursday evening. It was in a small way a "subscription party" each one paying ten cents, which goes into the Red Cross funds.

Rev. C. I. Spear, who has been at Deering Memorial Church for three years goes to Livermore Falls according to the Methodist appointments. Rev. Dwight F. Faulkner has been assigned this charge.

Mt. Mica Lodge, I. O. O. F., visited Norway Lodge Tuesday evening, when Norway Lodge worked the third degree on candidates from Mt. Mica.

A considerable number from this village attended the service at the Norway Universalist church Sunday afternoon, in memory of Rev. Caroline E. Angell, a former pastor of that church for nearly twenty-one years. Rev. C. G. Miller conducted the service.

The annual meeting of the Pine Tree Aqueduct Association was held at the office of Walter L. Gray April 10, and the following officers chosen:

Directors—Leander S. Billings, Silas P. May, Francis Clark.  
Clerk—Edwin W. Haskell.

### BETHEL

#### Middle Interval

The oldest man in the world Jan. 10, 1893 was believed to be Michael Solis, a half breed living in Bogota, in San Salvador, El Salvador. It was said that he was 180 years old. We wonder if he is now living.

One of the State of Maine teachers started her school without the Lord's Prayer or Bible reading. A bright boy of the Boy Scouts asked if she was not going to have the Lord's Prayer and Bible reading and she said, "Take out your books and go to studying your lesson in Arithmetic." The writer is happily reminded that in the thirty years' experience she had in the schoolroom this was never forgotten and other Bible exercises where the children had no privilege to attend Sabbath school. We hope that no sensible teacher will forget that the Bible is our best text book and "Praise the Power that has made and preserved us a nation."

Considerable sugaring is being done here by Buck, Abbott, Stevens and Osgood. The honey and sugar sell at a good price. We had the privilege recently of seeing the boiling process in the sugar-house on the old Appleby Kimball farm where Daniel Mason Kimball, an old time man in the business was tending the boiling business. No one in this vicinity knows the business better than he does.

There have been a lot of colds and sicknesses here this winter. One old lady who was saluted with and congratulated "Then you are able to walk," said she was always able to walk—and we infer that she always expects to be able to walk unaided of the fact that she may close with her any day.

Charles Abbott had some maple syrup for sale recently for 40¢ a quart. He said he thinks flour is \$12.00 a barrel and raise their own food stuff and thus put a stop to the high cost of living.

### One of the Boys of Our County

On February 28, Dr. Ormel Stanley was graduated from the Army Medical School at Washington, D. C. This promotes him from the Medical Reserve Corps to the First Lieutenant of the Medical Corps of the United States Army.

Lieutenant Stanley was born in Fryeburg, attended Fryeburg Academy, graduated from Bowdoin college in 1909, from Bowdoin Medical School in 1912. He was house physician one year at the Maine General Hospital, practiced two years in Concord, N. H., and acted as surgeon six months at the Essex County Hospital of Cedar Grove, N. J., before going to Washington.

In college Dr. Stanley was member of Beta Theta Pi and Phi Chi Fraternities. He is a member of Blazing Star Lodge of Masons in Fryeburg, N. H. He is also a member of the American Medical Association, and American Association of Military Surgeons.

Lieutenant Stanley is the son of Mr. and Mrs. Charles E. Stanley of Fryeburg. He married Sylvia B. Hacker, daughter of Mr. and Mrs. Charles E. Hacker of Brunswick, Me.

Lieutenant Stanley has been ordered to Fort Slocum, N. Y., enroute to the Southern Division.

### HISTORY OF FREDERICK ROBIE GRANGE

Written and Read by Mrs. Ida F. Grover at One of the Meetings Frederick Robie Grange was organized Feb. 18, 1890 by State Treasurer S. S. S. Wright, deputy, assisted by State Master Rufus C. Allen, State Secretary F. A. Allen with twenty-seven charter members. The first officers were Master W. W. Andrews; Overseer, L. T. Brett; Lecturer, Thomas Jackson; Steward, H. H. Bird; ass't, Steward, E. G. Green; Chaplain, P. C. Greenleaf; Treasurer, R. D. Gould; secretary, Lillian Andrews; Gatekeeper, Ned Skillings; Ceres, Addie Andrews; Pomona, Georgie Brett; Flora, Elizabeth E. Gould; Lady ass't, Steward, Hattie Greenleaf.

By good planning and energetic efforts, all pulling together, our Grange has secured a comfortable home and is in a strong, prosperous condition.

The story of how the members did it with no financial start whatever, is very interesting and may well prove an inspiration to other granges. At first the Grange met in the schoolhouse across the way, to the use of which they were perfectly welcome. It soon became evident, however, that the room was not adequate and a piece of land was purchased of brother N. W. Green on which to place a building, and it was finally decided to build the hall which we are still using.

After four hundred and twenty-eight dollars in money and one hundred and sixty-three days' work was raised by subscription. The brothers had a "spell" to prepare for the laying of the foundation. Mr. Gibbs of Norway was employed to frame the building. He labored twenty-five days making just fifty dollars paid out for carpenter work. All the rest of the labor was given with the exception of the mason work and six days on the stone foundation.

The building according to contractors' rules, that the costs of labor equal the costs of materials, represented about \$1,500.00. After they commenced to build the hall, donations were given by the following: Judge Edwards of Oxford sent an outside door, L. B. Andrews of West Paris sent a very nice stuffed chair. The Brackett brothers presented the Grange with a very nice altar, the workmanship of their own hands. The elegant Bible resting on the altar, the gift of Mrs. Sarah P. Brett. A. F. Angell of Norway presented them with the beautiful chandelier.

On Wednesday, Nov. 5, 1890 the hall was dedicated. The dedicating officer was F. A. Allen, state secretary. Brother Frederick Robie sent the grange at this time a magnificent flag 9x18. Mrs. Robie sent the large oil painted picture of Brother Frederick Robie. When the hall was dedicated there was a debt of \$300.

Our hall is commodious and noticeable in the village, among the most noticeable in the village. The stage, showing beautiful lake "Gardie" and mountain scenery, an Upright piano, and the portieres at our windows. Various means have been used to raise the money, box socials, the giving of plays and exhibiting fairs of the Oxford County Fair, also having fairs of our own which have gone quite a ways toward paying up the bills, and we now have a neat sum laid by for a rainy day.

We now have 42 brothers and sisters 40 engaged on our records to be seen. Increase and prosperity to us have been given our thoughts to direct to our father in heaven. 24 times the word of God has entered our hearts and we have been "blessed from the crown of gold."

We realize our loss to them is great gain. As, freed from Earth's sorrows and bodily pain they live with Him who died to save us and victory gave us death and the grave. A fraternal order, with one object in view, to do with our might what our hands find to do.

The Holy Bible which our forefathers revered, the word of God in order we raised. Faith, hope and charity, Biblical virtues we find. All should we practiced the Great Master to please. Yet charity we find the greatest of these. We like children at school our lessons we learn. While the swift current of time ever bears us on.

Lessons of trust and patience, of faith, hope and love. Our rescuer and guide, the kind Father above. Though oft we may utter tears the pages we turn and kindly refuse life's lessons to learn. Yet, in later years to our vision 'tis plain. As by the veiled altar the truth and pain, so may each of our members prove faithful and true, and time, doing with our might what our hands find to do.

### RESPECT TO THE FLAG

Personal marks of respect to be paid to the flag and what you should do when the National Anthem is being played.

Many inquiries have been made at the Adjutant General's office as to the proper respect to be paid towards the flag and the playing of the National Anthem.

The following is taken from War Department Regulations:

When the flag is carried on parade by a body of troops or a civic society, every one should uncover holding the hat opposite the left shoulder with the right hand. If uncovered they should salute with the right hand. The salute should be commenced when the flag arrives within six paces and should be ended when it has passed six paces beyond the person saluting.

Whenever the National anthem is played at any place all should rise and face towards the music. Civilians should place the hat opposite the left shoulder with the right hand and so remain until the last note of the anthem. If uncovered and without a hat they should salute with the right hand at the first note of the anthem, retaining the position of salute until the last note.

The National anthem when played by any band should be played through without repetition of any part.

The War Department has decided that "The Star Spangled Banner" is the National anthem to the exclusion of other tunes of musical composition known as National airs. Government bands are prohibited from playing our National anthem or the National anthem of any other country as part of a medley.

## NORWAY AND VICINITY.

## McAllister-Jacobs

Ralph V. Jacobs of Norway and Beatrice Mae McAllister of Albany were married Saturday, April 7 by Eugene F. Smith, Justice of the Peace.

The ceremony was performed in the home of Mr. and Mrs. Frank L. Jewell, the single ring service being used. An archway of flags with National colors for a decoration were conspicuous and appropriate. The bride was gown in white crepe de chene and carried day break pink.

Mrs. Jacobs is the daughter of Mr. and Mrs. Alphonso McAllister of Albany. Mr. Jacobs is employed in the Mason Manufacturing Co. factory at South Paris. He is 1st Sgt. Co. D, 2nd Reg. N. G. and was at Laredo, Texas with the company during the Mexican campaign. Guest at the ceremony were Mr. and Mrs. Frank L. Jewell, Mrs. William Card, Mr. and Mrs. Wilbur Lewis, Harry Lewis, Doris McAllister. The couple will occupy the Crocker rent over the Pratt barber shop.

A flag pole 35 feet tall is soon to be placed on the Norway Shoe Factory and a new flag, one of the largest in town, will soon be unfurled. Forty dollars was raised by the employees and others interested in the factory for this purpose. The flag pole was secured by John P. Cullinan, Monday.

C. G. Miller, South Paris, has a small surplus of seeds over this year's requirements, which he is selling. See notice in another column.

Harry M. Jackson and Webster H. Kilgore have been drawn as traverser jurors for the May term of Supreme Judicial court at Rumford.

The W. F. Tubbs snowshoe factory crew are working up frame and ski stock at West Paris that has been yarded at different mills during the winter.

Isaac N. Carwell has given up the rent in the Hamilton house at the falls and his household goods have been removed.

Norway Masonic Trustees in behalf of Oxford Lodge No. 18 F. and A. M., Oxford Chapter No. 29 Royal Arch Masons and Oxford Chapter No. 19, have decided to use of the banquet hall to the ladies of the Red Cross for meetings and a work room.

Hazel Penock of Norway brought to this office, April 14, a large dandelion plant carrying four full grown blossoms, picked near the top of the hill, South Paris. Even the common wild flowers are cheerful friends after an intimate acquaintance with months offering only frost and snow.

Sam Isaacson is in town living with his brother, Harry Isaacson, at the falls. Sam left Russia several months ago to avoid being impressed in military service. He traveled across Siberia into Corea, then passed through China, Japan and landing in the United States at San Francisco. The total money cost of the trip was a little over \$76, being the fare across our continent. More than 25,000 miles was covered in this journey.

Black Grackles are here and the early caterpillars moving gaily over the sidewalk were noted April 11 and April 14. Marbles have disappeared giving place to baseball. Early dandelion blossoms and spring peeps are unfurling signs that warm weather is not far away.

Morie Russell and Mrs. Frank Libby have been to Otisco, N. Y. where they attended the funeral of the late Prof. Herbert Russell, a noted educator, who as a young man lived in Norway.

## WRESTLING FANS WATCHED

## BIG SHOW

Ray Sherburn of St. Johnsbury, Vt., copped straight falls from Homer Truman, the Maine champion of Norway in Norway Opera House, Thursday evening, April 19. The stunt was done in 1 hour, 17 minutes, 20 seconds and 29 minutes, 22 seconds respectively. Kid Boudue of Salmon Falls, N. H., also trimmed up John Aspenall of West Paris in straight falls, while Charlie Paine and Mike Nadir, two local gamsters, went three rounds Paine checking the first and third drop for a win.

More than three hundred sport loving fans watched the best wrestling show held in town this winter. Enthusiasm ran high with the crowd on its feet yelling like fiends at critical situations. It was hard to pick a favorite, all good work being loudly applauded. Paine and Kid Boudue probably were the stronger men with the crowd, but in the main bout the preference was not marked, each wrestler had about an even break.

The show opened with the Norway bantams up. Charlie Paine at 107 1/2 pounds made things interesting for Mike Nadir, the Armenian, who was ten pounds heavier and several inches taller. Young Paine gingered up at the beginning and had Mike stepping lively, the tripping game being featured before the first fall. Both played into the ropes frequently because of the rushing tactics. In the second round Charlie changed his move from the rusher to a waiter, by laying low on the carpet. Mike had many chances during this period to get in a quick fall, but Paine won the first in 4 minutes, 10 seconds and the third in 10 minutes. Nadir secured the second in 9 minutes, 20 seconds. Kid Stanley refereed.

It was weight and strength against science in the semi-finals when Aspenall, the big army Swede went in against Kid Boudue. Aspenall has a body and power of a young giant with 155 pounds in arduousness to back it up. He also carries around a rudimentary knowledge of the art gained from six weeks training. The New Hampshire kid is skillful and running over with trick stuff. He weighs 133 pounds, but science applied the right time seems to be his high card and he has a hand full of tricks.

The first round opened and dragged along with neck holds sliding off toward rough jockeying, neither man allowing a lower clinch. Aspenall played deep and kept the aggressive kid at arms length when moves looked dangerous. Boudue apparently decided that main strength could not tip the Swede, so a trick fall left Aspenall sprawling on the mat. It was easy picking for the cat-like youngster to pounce on his surprised victim, winning out in 11 minutes and 19 seconds with a Nelson and toe hold.

In the second trial Aspenall having learned his lesson, again kept Boudue at arms length. It was in this game that the Swede showed great strength to advantage, and the kid had little chance to break in for a firm hold. Slight-of-hand finally broke down the defense and Aspenall was caught the second time in the same trick fall, and landed all in a heap ready for the full Nelson that Boudue kindly applied, winning the second fall and bout in 11 minutes and 24 seconds.

The king pin of the show was a main bout offering \$50 for a side, winner to take all. Homer Truman, the undefeated Maine champion at 170 pounds put his skill and strength to the test against Ray Sherburn, the rugged Green Mountain boy. The wrestler billed for this match was discovered to be the wrong number, but the substitution greatly strengthened the show with fast action.

It occurred in this choice as the visitor proved to be a star performer at 165 pounds, although he gave a ten pound heavier impression. Comparisons are unnecessary but the general verdict gives Sherburn the credit of being "some boy" and a hard winner. Homer was strong in his ability to restrain right side up and to take long punishment without flinching. Main claim was three weeks real training Homer can pass along a surprise package that will "buffalo" anything Sherburn has. Others say "it can't be done".

Referee L. M. Carroll announced that everything went but the struggle hold, and the combatants got after it. Sherburn opened the throttle wide and had Truman off his feet in less than a minute. This sudden jolt was an eye opener and the Maine champion tumbled quickly to the fact that this would be a business session and no seeing circle as in previous matches. Homer got in bad many times, but his ability to break holds and slip away from dangerous positions brought the crowd to their feet. Many times the Vermont exhibited great strength in lifting the Norwegian from the mat, rushing him about the ropes almost at will. Truman worked the lead after the first hour, but couldn't get his man. Sherburn foxed around carefully and passed off a half Nelson and body scissors, winning out in 1 hour, 17 minutes 20 seconds.

Playing underman was Truman's move throughout the second round. This made Sherburn carry the load and he got into the harness determined to shorten matters. If plans had been entertained at any time to shoot Truman through the ropes or play basket ball with the Maine Champion, they certainly got side tracked, for it didn't happen. Homer proved a tough article because he laid low, letting the other fellow do the hard work also the worrying. Things grew rough after a twenty minute play with Sherburn the aggressor, this being the only trail out of a deadlock. Several minutes was spent in securing a firm right arm Nelson, but this closed the bout with Sherburn a winner, time 29 minutes, 22 seconds.

After the Aspenall-Boudue bout Referee Carroll introduced Wilfred Pelouquin of Berlin, N. H., who challenged the kid for a \$100 match, anyone winning any time. This was accepted. Pelouquin says little about himself, but his backers claim that few at 135 pounds have a look in when he enters the ropes. There was some talk of staging the get-together championship here, but satisfactory terms have not been made.

A general call is being raised for more wrestling. Promoters Carroll and Tom Raymond have under consideration a strong bill including three bouts that will look attractive to fast sport lovers.

Israel Klein of Seattle, Wash., is visiting his parents and family in town. Mr. Klein conducts a successful clothing business in that city and has not been in Norway for over a year.

W. Arthur Bunting, Grand Trunk freight adjuster of Portland, was in town on business, Monday. He has just returned from a trip to Seattle, Wash., where the season is fully two months in advance of Maine.

Mrs. Verna Leighton and friend of Lewiston and Addie Witham of Portland were recent guests of Mr. and Mrs. J. L. Witham.

## Too Many Operations

The Right Medicine in Many Cases Does Better than the Surgeon's Knife. Tribute to Lydia E. Pinkham's Vegetable Compound.

## Doctor Said Operation or Death—But Medicine Cured.

Des Moines, Iowa.—"My husband says I would have been in my grave today had it not been for Lydia E. Pinkham's Vegetable Compound. I suffered from a serious female trouble and the doctors said I could not live one year without an operation. My husband objected to the operation and had me try Lydia E. Pinkham's Vegetable Compound. I soon commenced to get better and am now well and able to do my own housework. I can recommend Lydia E. Pinkham's Vegetable Compound to any woman as a wonderful health restorer."—Mrs. BLANCHE JEFFERSON, 703 Lyon St., Des Moines, Iowa.

## Another Operation Avoided.

Richmond, Ind.—"For two years I was so sick and weak from female troubles that when going up stairs I had to go very slowly with my hands on the steps, then sit down at the top to rest. The doctor said he thought I should have an operation, and my friends thought I would not live to move into our new house. My daughter asked me to try Lydia E. Pinkham's Vegetable Compound as she had taken it with good results. I did so, my weakness disappeared, I gained in strength, moved into our new home, do all kinds of garden work, and raised hundreds of chickens and ducks. I cannot say enough in praise of Lydia E. Pinkham's Vegetable Compound."—Mrs. M. O. JOHNSTON, Route D, Box 190, Richmond, Ind.

Of course there are many serious cases that only a surgical operation will relieve. We freely acknowledge this, but the above letters, and many others like them, amply prove that many operations are recommended when medicine in many cases is all that is needed.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

## NORWAY GRANGE

Norway Grange met in regular session April 17. The meeting was called to order at 11 a. m., by Worthy Master Richardson. Officers present for a short time were, Overseer, Clarence Buck, Steward, A. T. Crocker, Lady Assistant, Mrs. Leona Russell. Open exercises were followed by business communications received from E. H. Libby, secretary Maine State Grange and Harold S. Pike, lecturer Oxford Pomona. Candidates were then balloted on and ten were elected to membership with several applications to act upon.

During the absence of Bro. Abbott, Bro. Edgar Dunn acted as Assistant Steward. The Worthy Master gave notice that a Farmers' Union meeting would be held in the grange hall on April 21 at 1:30 p. m.

A recess was declared and a picnic dinner followed. At 1 o'clock the gavel fell and the time was given to the entertainment program presented by Captains Abbott and Jackson as follows:

## New Sporting Blood Appears

Capt. Mel Sampson is commanding several local sports interested in wrestling. Not being wholly satisfied with the results of the last show, they are contemplating an independent exhibition.

Challenges in behalf of Homer Truman will be issued through the St. Johnsbury papers, calling Ray Sherburn's attention to a future match. Kid Boudue at Salmon Falls will also be served a notice.

Wilfred Pogue of Berlin, N. H., meat business, who has been practically alone with his son, Leroy Spiller, had charge of the funeral arrangements. The remains were taken to Naples Saturday, where services were held. A son living in Norway and a daughter who resides in Augusta survive.

Twenty-three members of Company D attended services in a body at the Baptist church, Sunday afternoon. Rev. G. J. Newton's theme was "Effect of the War on Religion". Patriotic music was rendered by the choir and congregation.

The appropriate flag decorations were placed by Randall O. Porter and Chas. H. Akers.

Maudie Durrell has returned from the hospital and gone to her home in North Norway.

Mrs. Eunice Watson is helping Pearl Foster on Highland Avenue this week.

Capt. J. Waldo Nash went on recruiting expedition Saturday to Harbor for Company D.

Auslin Moore, 30 years old, son of Jwan Moore, who lived in Norway several years, was held in a Lewiston police station pending an investigation into his sanity. Moore is suffering from money delusions, claiming he needs protection from those who would steal a large sum from his person. He became violent Saturday evening and was removed from a padded cell to the lockup. Arrangements are being made to commit him to the State Asylum for the Insane at Augusta.

Arthur Hebbard failed to get in on the guessing contest that closed this week at Beals Tavern. The game has been to register the probable date when Lake Ponchartraine would be free from ice. Arthur has inside information, and he sets May 5 for the official time.

Mrs. U. C. Sherman, Roslindale, Mass., writes: We have recently purchased a Glenwood range and after four months of constant use night and day, wish to say it is a wonder. We have only started two new fires in that time. I have kept house over thirty years, and find this stove uses less coal, makes less ashes, and responds quicker than any range I ever used. It certainly does

## WHY A PIANO?

We are **HAPPIEST** when our lives are **FULLY ROUNDED OUT** by the proper experiences, and if we don't include **ART** in those experiences, we have missed the combination. **MUSIC** is just as much needed in our home—in **ANY** home—as different foods are at a meal. We can't get along on bread alone, or meat alone, or anything else by itself. And we can't say that we have lived up to our full measure without music. The **PIANO** is an essential in your home—because its results is an important part of Happiness. And to be Happy is to have secured the best that life holds.

## NEW ENGLAND FRIENDS IN FLORIDA

My dear Mr. Sanborn:—  
When the grey cold days of early winter just preceding the first snow fall settle down upon New England, we Northern people frequently express the desire that we might escape the coming discomfort by journeying to the South. This year it was my privilege to have that wish gratified. Here I am in Florida, and by the way, the entire distance was covered by automobile. A very educational trip, not hurried as we wished to get the most possible out of it. Our time was eighteen days.

With the arrival of every report of the cold and storms at home, I realize anew my good fortune in being here in this Summer land. So with the news of this last extreme cold, I feel that it is almost my duty by way of encouragement to tell you of its effects even way down here where I am.

A week ago Thursday night a strong, cold wind arose, continuing to increase throughout Friday, February the second. Friday night we covered our flowers expecting that should the wind go down we would have frost. What was our surprise Saturday morning to find that even through the coverings everything was not frost bitten, but frozen. The temperature had been down to eighteen. Our thoughts were, of course, immediately for the great citrus groves which are in this locality. We were unable to learn much that day, but Saturday night the thermometer reached the unheard of reading of fourteen. The fate of the groves was then no longer a question. In spite of wood fires, various charcoal and coke heaters kept burning all night long, all of the fruit is ruined, most of the young trees are dead and all the new growth on the old ones. What few oranges were in the packing houses were advanced from \$2.50 to \$5 a box and they were quickly sold.

It cannot be yet known how seriously the old growth of the older trees is damaged. Young trees have earth heaped around them to a height of two feet, until they pass the tender age. It is hoped that at least a few of them may not be dead below those mounds of earth. In that event they will cut off the dead tops and graft on new ones.

Of course it goes without saying that all of the wonderful market gardens and irrigated lettuce and celery farms have their crops ruined. Two days before the freeze we were in a grove where the orange trees were white with buds just about to open to make next year's crop.

In view of so much loss and disappointment to those depending for a living from the products of the soil, it seems trivial to consider the little area of destruction embraced in our yard or our personal discomforts. Yet, as an example of what the cold means here I will speak of a little.

Our immense Bridal Wreath bushes were just about to burst into bloom. A wonderful rose bush on the piazza had well over one hundred buds and the very numerous other rose bushes throughout the yard were equally well provided with promise, each according to its size. Century plants and Sago Palms that had been years reaching the degree of beauty which we were enjoying; all are dead. Whoever of you huddled your house plants close to the kitchen stove or wrapped them securely in newspapers and still have them are better off than we.

The houses here are not built for other than Summer temperatures. All up on stilts and without cellars; quite open underneath to that terrible wind and built very loosely around the doors and windows. Much of the plumbing is out of doors and burst in consequence. Fortunately ours is better protected and gives no trouble. We have a fireplace just three bricks wide, only an occasional fire for a few sticks of stove wood. The coldest member of the family is fully six bricks wide so there was little hope for the rest of us. There are two small, very small, air tight stoves absolutely without dampers. One has to let the heat rush right up the chimney and warm the heavens rather than ourselves. No kitchen range cooking is done on a blue flame stove. In ordinary times even that makes the kitchen somewhat too warm. I borrowed all of the bed clothing of the only other young man in the house and thus of course of necessity myself also and in that manner we both managed to keep warm enough to sleep.

Fourteen above when you are enduring that and more below zero may sound strange to you as being able to so upset affairs, but we must recollect that ordinarily this is a winter Paradise. In the history of the State such a thing has occurred but once and that more than twenty years ago.

So the people are all of good courage. They are even now about repairing the damage as rapidly as it may be done. As trust that this unfortunate occurrence will not turn away those who were just about to take up a new life here. All places have their times of misfortune. Florida is having hers, but she is going to recover nobly from it.

Very truly yours,  
L. Everett Holt.

## Fewer Eggs are required with ROYAL BAKING POWDER

In many recipes the number of eggs may be reduced with excellent results by using an additional quantity of Royal Baking Powder, about a teaspoon, for each egg omitted. The following recipe is a practical example:

### Chocolate Sponge Roll

1/4 cups flour  
1/2 teaspoon salt  
1 cup sugar  
2 eggs  
2 squares melted chocolate

2 tablespoons melted shortening  
1/4 cup hot water  
1 teaspoon vanilla  
2 teaspoons Royal Baking Powder

The old method called for 4 eggs and no baking powder

**DIRECTIONS**—Sift flour, baking powder and salt together three times. Beat whole eggs. Add slowly sugar, then boiling water, slowly; add next vanilla, melted chocolate and melted shortening, without beating. Sift in dry ingredients, and fold in as lightly as possible. Pour into large baking pan lined with oiled paper, and bake in slow oven twenty minutes. When done, turn out on a damp, hot cloth, spread with white icing and roll.

Booklet of recipes which economize in eggs and other expensive ingredients mailed free.
